

Seymour Community Swim Club Meeting  
Monday, January 8, 2007  
Seymour High School Aquatic Classroom

The meeting was called to order at 6:35 pm by President Connie Boerst. Minutes from last meeting were available.

The results of the Brillion swim meet held 12/30/06 were discussed. The swimmers did well overall. Our next meet will be a home triangular with Brillion and Plymouth/Sheboygan Falls. The pool is not available for our use on Saturday, January 20 as previously thought. Regarding our home swim meet, due to the low number of parents available to help with timing, scoring, etc., we will check and see if any high school swim team members would be willing to assist with running a concession stand. No concrete plans were made regarding concessions.

Paula Weyers will be checking with Mark Zahn to determine if we would be able to use the touch pads for the upcoming meet. Our new software for meet managing will also be utilized.

The practice schedule was discussed. It is uncertain how long the club will have use of the pool for practice. We would like to continue through the month of February.

The Seroogy's sales continue; there will be an opportunity for Easter chocolate sales next month. Our current balance is \$3604.27.

The end of winter term banquet will be held at the April 9 meeting including a potluck dinner.

There was some discussion regarding the summer session, the dates have been set. A short discussion was had about coaching for the summer. Melissa Barth will be contacted. Other possibilities of willing coaches will be further discussed. Our current staff was given coach shirts and our Seymour Swim Club green t-shirts.

A special thank you to Steve and Paula Weyers for their continued dedication and work in making the swim club possible.

Our next meeting will be Monday, February 12 at 6:30 pm. Elections for the upcoming year will take place at this meeting.

Present:

Lisa Blohm	Erin Blohm
Connie Boerst	Pam Meulemans
Carrie Gorges	
Paula Weyers	Lynn Klawiter

Minutes submitted by Lisa Blohm.
